Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

Pesticide(s) product-label instructions and precautions related to Public Safety: Harmful if swallowed. Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling. Harmful if inhaled. Avoid breathing dust. Avoid breathing vapors or mist. Remove and wash contaminated clothing before re-use. This product is toxic to fish. This product is toxic to: Aquatic invertebrates. Do not contaminate kitchen utensils w/this product. Pets may be attracted to this product.

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time for Restricted Entry. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.
